Note

- Per la posa usare i distanziatori “a croce” da 1,5 mm
- Usare sempre il pezzo Skirting alla base di qualsiasi composizione: mai partire direttamente da terra con le piastrelle
- Il pezzo Terminal va usato per chiudere una composizione nella sua parte superiore (es. boiserie), oppure sul bordo laterale, o anche su tutto il suo perimetro (es. cornice appesa a parete) /
- For laying, use the 1.5 mm “cross” shaped tile spacers
- Always use the Skirting piece at the base of any composition: never start directly from the ground with the tiles
- The Terminal piece is used to close a composition in its upper part (e.g. boiserie), or on the side edge, or even around its entire perimeter (e.g. frame hung on the wall)
